

Health, Safety, and Environmental Policy (HSE)		
Policy No.: VEZ-844		
Revision No.: 7	Date: 20110807	Page: 1 of 1

I. Purpose:

To establish our Health, Safety, and Environmental policy.

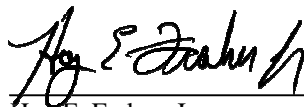

II. Scope:

This policy applies to all AMG Vanadium, Inc. employees, contractors, and visitors.

III. Policy:

It is the policy of AMG Vanadium, Inc. to operate worldwide in a manner, which protects the Health, Safety, and Environment of our employees, contractors, visitors, and of the citizens of the communities where we have an impact. Excellence in health, safety and environmental protection is essential to our continued success and is, therefore, a shared responsibility and a common goal for all AMG Vanadium, Inc. employees.

- AMG Vanadium, Inc. will set and monitor objectives which drive continual improvements to the HSE Management System and its health, safety and environmental performance.
- AMG Vanadium, Inc. will comply with health, safety, and environmental laws and regulations and with our internal standards and procedures established to protect human health and the environment.
- On an ongoing basis, AMG Vanadium, Inc. will assess the health, safety, and environmental risks of its activities, take steps to reduce these risks, and plan for the responsible management of emergencies.
- AMG Vanadium, Inc. will initiate and encourage communication that will foster responsible environmental management and prevent injury and illness in the workplace.
- AMG Vanadium, Inc. will ensure that its employees have the knowledge, resources, incentive and authority to implement these guiding principles.
- AMG Vanadium, Inc. supports the principles of sustainable development in its use of energy and raw materials and in the design of its products and the design and operation of its facilities.
- AMG Vanadium, Inc. will measure and review its adherence to these guiding principles and correct any deficiencies.
- Recognizing that conducting business in a manner protective of health, safety, and the environment is an ongoing process, affected by changing scientific knowledge, laws and business and social needs, AMG Vanadium, Inc. will continuously evaluate and improve its policies and programs.
- Encourage recycling, recovery, and reuse of residual material as well as the reduction and prevention of emissions and releases to the extent demonstrated feasible.
